Founded in 2024, Finquity emerged from a simple vision: to make international business formation accessible, transparent, and efficient for entrepreneurs worldwide. We recognized that starting a business across borders shouldn't be complicated or overwhelming.

Our team of experts brings together years of experience in international business law, compliance, and corporate formation. We've built a platform that simplifies the complex process of registering companies in multiple jurisdictions, including the UK, USA, Canada, and Laos, with Dubai services launching soon.

Today, we're proud to have helped over 50 entrepreneurs launch their global businesses, providing not just formation services but ongoing support for virtual offices, banking, and compliance needs.

Your trusted partner for international business formation and compliance services.
